Participating in your company's retirement plan (the "Plan") is an effective tool to help you prepare for your long term financial stability. As with anything valuable, there is an associated cost, so this notice contains details concerning the fees and expenses connected with the Plan. These associated costs are not new or unusual. You will receive this notice every year and there is *no action* required on your part. The objective of this communication is intended simply to do the following:

- Provide you with information that will allow you to make informed investment decisions
- Inform you of any fees and expenses associated with your participation in the Plan; and
- Comply with requirements set by the Department of Labor (DOL)

Fees and expenses are only one of several factors to consider when making investment decisions. The cumulative effect of fees and expenses can substantially reduce the growth of a participant's or beneficiary's retirement account. Please visit the Department of Labor's website at <http://www.dol.gov/ebsa/> for an example demonstrating the long-term effect of fees and expenses.

The first section provides you with information about the Plan in general, including any expenses you might incur through participation in the Plan or through taking advantage of different Plan features. The second section provides information about the plan's investment alternatives, including any fees or expenses associated with those investments. If you want additional information about your investment options, you can go to www.401k.LTRetire.com.

General Plan Information

Providing Investment Instructions

Your Plan gives you the ability to provide investment directions for both your contributions and/or existing account balances to any of the Designated Investment Alternatives ("DIAs") that are offered in your Plan by using the above website . If you do not make an election as to how the Plan should invest your contributions, then the Plan trustee will invest them in the "default" investment option.

Limitations on Investment Instructions

You may change your investment choices any day the New York Stock Exchange is open for business at www.401k.LTRetire.com . Any trade restrictions specific to a certain investment option will be listed in the comparative chart.

Voting and Other Rights

The Plan sponsor or other named fiduciary for the Plan exercises voting, tender, and similar rights with respect to the mutual fund DIAs offered by the Plan.

The Designated Investment Alternatives (DIA) Offered by your Plan

You will find in the charts below, any designated investment managers, in addition to all of the DIAs to which you can direct the investment of your contributions or account balances and a breakdown of the historical rate of return and a benchmark rate of return that compares the rate of return for your investments to those. It will also show the fees and expenses you will pay if you invest in a particular DIA option. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available on the website above.

Administration expenses

These are charges for services including, but not limited to, plan administration, compliance, recordkeeping, trustee, and custodial services. The Plan Sponsor may utilize different companies for these services, or have one company provide all of them. The cost for these services can fluctuate from year to year based on the size of the plan (assets and number of participants) and certain other factors.

The Plan Sponsor, at its own discretion, may elect to pay some or all of these Administration expenses directly. To the extent that these expenses are not paid by the Plan Sponsor, the Plan may charge these expenses against your account on a pro-rata (or per capita) basis. In addition, certain funds in your plan may offer various levels of revenue sharing; these payments may be used to offset some or all of the administrative expenses within your Plan. Any expenses deducted from your account beyond the expense ratio of individual funds will appear on quarterly benefit statements and the participant website.

Individual expenses

The Plan may impose charges specifically against your account rather than charge them on a plan-wide basis. These charges are based on your use of a service/feature available under the Plan (e.g. participant loans, brokerage accounts). Any fee or expense charged against your account will be reported to you on your quarterly benefit statements.

Distribution/Withdrawal : A fee of \$75 may be deducted from the distribution proceeds for each distribution/withdrawal issued from your account.

Qualified Domestic Relation Order (QDRO): A fee of \$300 (split between both parties) may be deducted from the account balance.

Self-Directed Brokerage Account: To maintain a brokerage account in the Plan, an annual fee of \$100 may be deducted from your account. (Additional fees for self-directed brokerage account maintenance and transactions may be assessed by the SDA provider. See your SDA account profile for details or contact your broker.)

Loan Origination: A fee of \$100 may be deducted from the loan proceeds for each loan issued from your account.

Loan Maintenance: A fee of \$75 may be deducted from your account balance for each loan in your account.

Investment fees charged to your account: Investments in your Plan may carry additional fees, including fund administrative charges, commissions, sales loads, sales charges, deferred sales charges, redemption fees, surrender charges, exchange fees, account fees, and purchase fees. Please review the complete investment fee and performance chart contained in this notice to determine whether these fees may be charged for an investment option, and review your account statement for a detailed disclosure of the dollar amount actually charged to your account each quarter that is attributable to these fees.

Glossary
